What are the major strengths of this class? What is helping you to learn? (Q979)

Comments
The lab slides are helpful to review the content from lecture. The lab autograder assignments are also very helpful. Working on the lab quizzes in groups is a good way to improve understanding. The handwritten problems are good practice for the exams.
Lab section is great
Lab serves as a wrap up on concepts learned during the week. The slides are extremely helpful

How can Aidan Gauthier improve this class? If possible, give specific examples. (Q980)

Comments
The lab slides are very helpful, but I think it would be better if they were shorter.
more practice problems
Try to get more class participation
